Vault + Album

Excel ref: Unify Sharing: Vault and Album
Excel ref: Sharing to facebook should be without password + Post to Facebook should include Pictures + link (as today) with LINKAVIE favicon on the left
Excel ref: add the selection how share: with authorized download or without authorize. If "yes" (authorized download) then user can download only if it logging to Linkavie if not - just view. In any case, not possible to download thumbnail

Features

1. Unified sharing
2. Vault share: Authorize files download or not
3. Cosmetic on sharing popup

Unifying Share methods

- Vault: Share pictures/folder
  - Public share
    - email = List of emails + optional password (pwd in the email sent to user)
    - URL = optional password + Get URL
    - Facebook = Post pictures + LINLAVIE LOGO + link (No password protection possible)
  - LINKAVIE share (requires to be authenticated to LINKAVIE as a user to view shared files)
    - LINKAVIE users/group selection + List of emails for non linkavie users (if not LINKAVIE user, make a pre-registration and send invitation email for registration confirmation)
    - Defines sharing settings on files/folders – Sharing settings could be changed with a folder/selected files sharing settings (different than share button)
    - User authenticate and is redirected to the inviting user vault (not to a public page) with all files/folders he is entitled to see (from previous shares for instance), but with offset position to the new shared files

- email
- Get your link
- Facebook
- LINKAVIE

Depending of selection, we show or hide the fields below

If public share (email, link, facebook)

If LINKAVIE share

Hidden if Facebook selected (or LINKAVIE selected)

For facebook, we will post pictures (easier for mobile users) + the Link (so that computer users can download the pictures)

If email or LINKAVIE is selected
If “Get your link is selected”, this is hidden
If “Facebook” selected, this is hidden

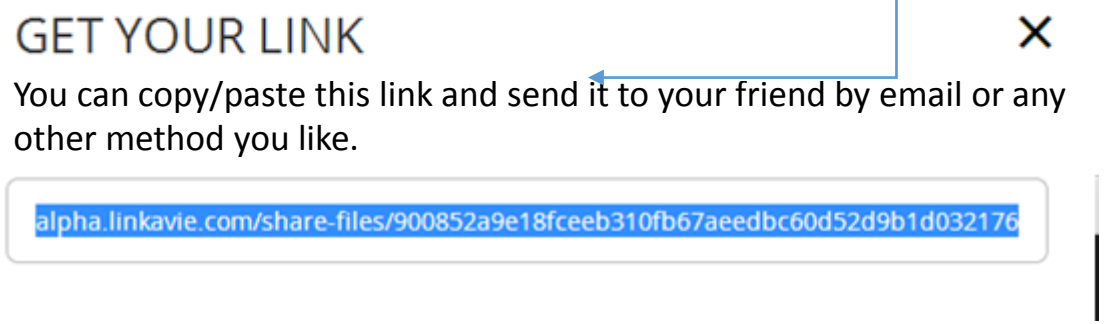
To be improved alpha 2: Not enough intuitive

for the user to understand the logic

When I click on "> Share",

- If "email" was selected I should have a message "The "Share files" invitation has been sent successfully to your friends!"

- If "Get your Link" was selected, then the Get your link popup comes, adding the message to explain what to do with it.



- If Facebook selected, see next slide
- If LINKAVIE selected, select between Friends/groups from LINKAVIE + emails (non lin kavie users)

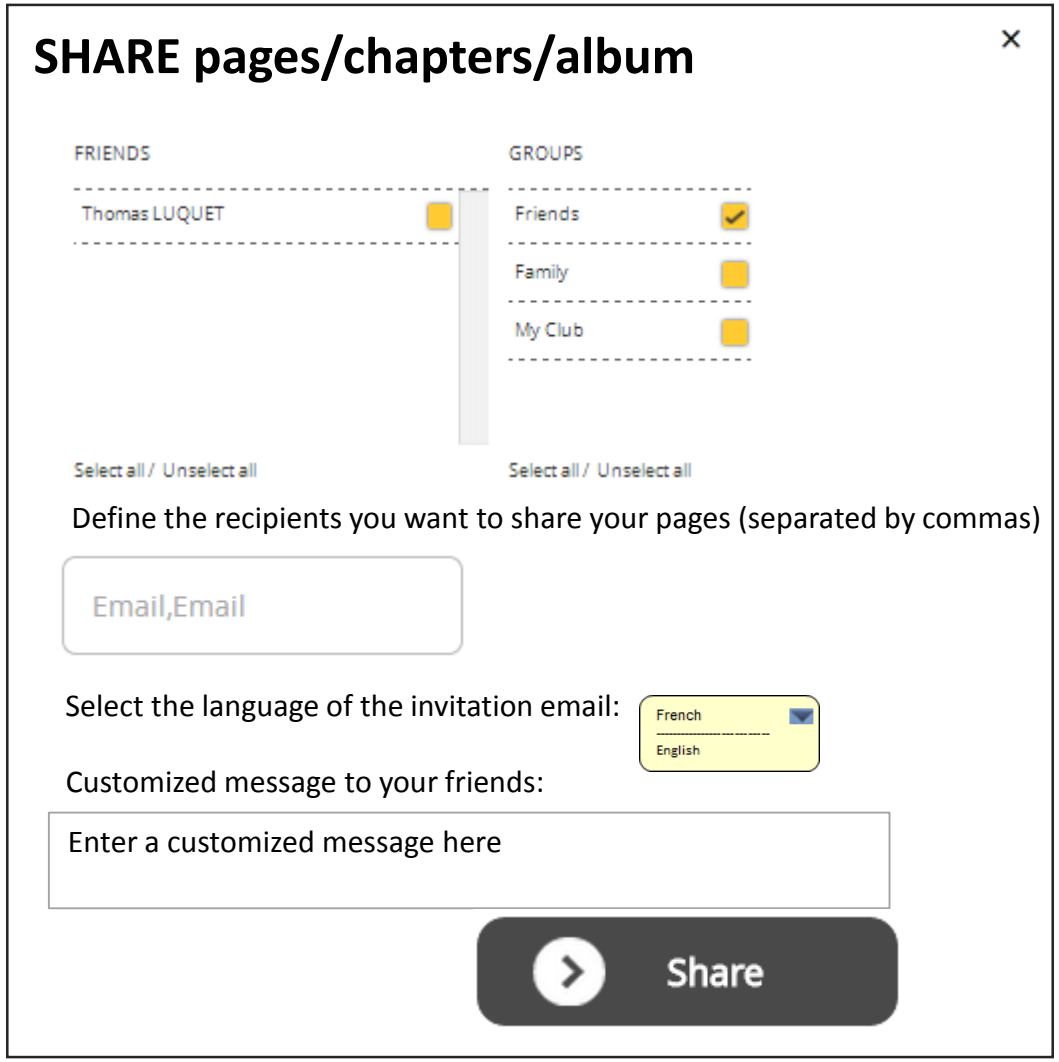
LINKAVIE share only



Sharing settings: Vault

When a user makes a LINKAVIE share of files/folders to LINKAVIE users, it creates/update his Vault pictures sharing settings

- If within a selection of files or folders, some of the selected files are shared with user A but other files are not shared with user A (same of a group), then for user A, for the current selection, we will show This icon : ▣
- If the entire selection is already shared with user A ☑
- If the entire selection is not shared with user A: ☐

Then, up to the user to change, for the related selection the sharing settings, Within LINKAVIE.

- If the icon was ▣ , then user can check it and then the entire selection Will become accessible for user A
- We can change LINKAVIE My vault access settings, user per user, for the
- current selection

For alpha 2, we work at users level only (not groups)

Same as for excel, when 1 cell is justifyed, the other is not,
If I select the 2 cells to change the « justify » setting, it appears with this icon

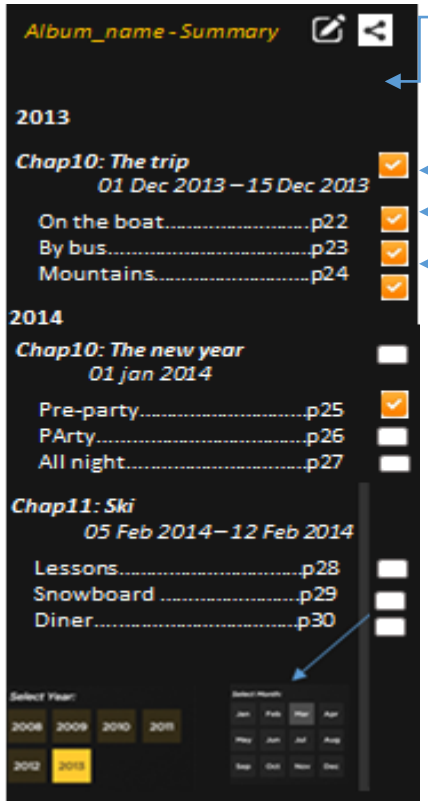
Sharing settings: Page/chapter/album

When a user makes a LINKAVIE share of pagess/chapters/album to LINKAVIE users, it creates/update the related pages sharing settings of the album

Same mechanism here for a selection of pages/chapters or an entire album.

=> We could make the selection inside the summary and click on « album sharing settings » buttons, for the related selection



Add a « Confidentiality setting » button
