Update

Hide if several pictures selected

if user clicks on "create new folder",
then the select folder should go back to "select an
existing folder" (if there were a folder name
selected)

Date format here: 2013/11/25 (Not 25 November
2013)

By default end-date = begin date

In order not to confuse the user, in case
we are doing "Create folder + upload files"
at once, then because the folder is
created right away, please change the
message "your folder has been created
successfully!" by "your folder has been
created successfully...Your files are
now uploading!"

Mouse over buttons (Folder level)

To be added

- “Add new files and folders”
- “Go to File file level”
- “Edit folder properties”
- “Download selected folders”
- “Delete selected folders”
- “Share selected folders”

Mouse over buttons (File level)

- “Add new files and folders”
- “Go back to folder level”
- “Rename selected file(s)”
- “Download selected files”
- “Delete selected files”
- “Share selected files”

I think this button is confusing
Because complete different
action when at file level. I
would put another button at
file level, any good idea of other
button for “Rename”. Or we
could keep this one and put a
“setting” button at folder
level ? Anton ?

The screenshot shows a web browser window displaying a digital album interface. The browser's address bar shows 'alpha.linkavie.com/album/7#page=2'. The interface has a dark theme. At the top, there's a navigation bar with the 'LINKAVIE' logo, a search bar, and a user profile icon. Below this, the album title 'My Life Album' and the owner's name 'Robert DAMOL' are displayed. The main content area is divided into two sections. On the left, there's a 'Summary' section with a list of chapters and pages. The chapters are organized by year: 2013 and 2014. Each chapter has a title, a date range, and a list of pages with checkboxes. For example, under 2013, 'Chap10: The trip' (01 Dec 2013 – 15 Dec 2013) has pages 'On the boat.....p22', 'By bus.....p23', and 'Mountains.....p24'. Under 2014, 'Chap10: The new year' (01 jan 2014) has pages 'Pre-party.....p25', 'Party.....p26', and 'All night.....p27'. 'Chap11: Ski' (05 Feb 2014 – 12 Feb 2014) has pages 'Lessons.....p28', 'Snowboard.....p29', and 'Diner.....p30'. At the bottom of the summary section, there's a 'Select Year' dropdown and a 'Select Month' dropdown. The right section of the main content area shows a preview of a chapter titled 'My first chapter' with a date range 'Date assigned: 10 February 2014 - 10 February 2014' and a link '> My second page'. Several blue arrows point to specific features: one points to the 'Album_name - Summary' header, another to the 'Chap10: The trip' chapter, a third to the 'Chap11: Ski' chapter, and a fourth to the 'Select Year' dropdown. A red arrow points to the 'Share' icon next to the 'Album_name - Summary' header. Another red arrow points to the 'Open sliding summary' button in the top right corner. A red arrow points to the 'Edit mode' text at the top. A red arrow points to the 'Search per year/month' text. A red arrow points to the 'By default, current year selected' text. A red arrow points to the 'Share, not at the edit level' text. A red arrow points to the 'Quick access to pages by simple click' text.
