<p>[Product Images]</p> <p>Crystal Chrome</p> <p>The Crystal Chrome mirror-like finish will reflect the style of your bathroom space just the way you like it. It's like ordering a custom hand dryer! This stainless steel cover will last a lifetime with no rust, and will virtually match any design because of its highly reflective surface.</p> <p>Alpine White</p> <p>With the Alpine White finish, you are getting the quality of our 16-gauge, 304 stainless steel model, plus a clean-look that will not take away from the room's design. It's not as highly reflective as the Crystal Chrome, but does give a soft shine. You can be confident with purchasing white, as it is one of the three most popular colors for appliances today.</p> <p>Jet Black</p> <p>zDryer in Jet Black is also in our 16-gauge, 304 stainless steel category, that will last a lifetime with no rust. It is not as highly reflective as the Crystal Chrome finish, but displays a pleasantly soft shine and in turn, makes for easier maintenance. Black creates a great contrast for light-colored bathrooms so it can be easily spotted, and will actually look like an accessory to enhance the decor.</p>		<p>zDRYER IN CRYSTAL CHROME</p> <p>***** Reviews</p> <p>\$000.00 Price</p> <p>zDryer is a fully automatic, electric, warm-air hand dryer that operates with a touch-less sensor when activated by positioning hands below the nozzle.</p>		<p>Compare the Savings</p> <p>Simply Effortlessly Efficient - It's not just about being green, it's also about saving you thousands of dollars in restroom management.</p> <p>Confront your spending issues ></p>

<p>Description</p> <p>zDryer is a fully automatic, electric, warm-air hand dryer that operates with a touch-less sensor when activated by positioning hands below the nozzle.</p> <p>It is a beautiful, 16-gauge, 304 stainless steel appliance with 18/10 chromium nickel, lasting a lifetime with no rust. It has a new, hybrid, low-consumption, 1560-watt electrical system containing two filtration systems.</p> <p>Smart filtered air technology blows clean air and sounds quieter. zDryer has two wiring options and is specifically made for easy use even in the unlikeliest of spaces. The sensor opening is shielded from touch for the safety of children and adults.</p> <p><i>Read more about zDryer's new technology. [to About Page]</i></p>	<p>Specifications</p> <p>[This should be the same info as specifications in the Manual/support page]</p> <p>ELECTRICAL & CONSTRUCTION: DESCRIPTION: Touch-Free Automatic Hand Dryer INSTALLATION: Hardwire or Plug-in COVER: 304 Stainless Steel, 16 Gauge (1.5mm) DRYING TIME: 10-12 Seconds ELECTRICAL SUPPLY: 110-120 V (50 / 60 Hz) ELECTRICAL CURRENT: 12.5 A POWER: 1560 W AIR TEMPERATURE: >134°F WATERPROOF RATING: IPX1 ELECTRICAL SHOCK PROTECTION: Class 1</p> <p>DIMENSIONS: HEIGHT: 11 ½” WIDTH: 10 ½” DEPTH: 6 ¼”</p>			<p>In The box</p> <p>What comes in the box:</p> <ul style="list-style-type: none">zDryer (in assembly: Cover, Wall Plate with motor, 2 Hex Screws, 5 ft. electrical inlet).Security Hex Key Tool.Manual.Warranty Card. <p>• Packaging type::::</p>
