5 Home Page Slides:

Effortlessly Efficient - It's not just about being green, it's also about saving you thousands of dollars in restroom management. Well-exceed your expectations of energy efficiency. *Compare Now >*

Super Fast - The newly innovated internal structure allows for the motor housing to be made from one piece – designed specifically to prevent air loss and speed. *Newly innovated internal structure.*

Stainless Steel - This isn't your average metal or aluminum cover. This is a beautiful, 16-gauge, 304 stainless steel appliance with 18/10 chromium nickel, lasting a lifetime with no rust. *Finally, where quality and beauty meet.*

Energy Efficient - It's a new, hybrid, low-consumption, 1560-watt electrical system containing two filtration systems. Smart filtered air technology blows clean air and sounds quieter. *Lower operational costs.*

Touch Free - zDryer is specifically made for safe and easy use even in the unlikeliest of places. The sensor opening is shielded from touch for the safety of children and adults. *Hardwire or plug-in ready.*

Section 1 Image	FEEL THE QUALITY We didn't just think about helping you save on your electric bill, we also thought about the need to be more efficient in drying time and comfort. The innovated internal structure of each dryer is well developed for instant warmth and speed. Read what others are saying about us. READ MORE [goes to the "Testimonials" page]	
THREE FINISHES		
zDryer is now available in three different finishes, with more on the way! The unique body design		

with more on the way!
The unique body design
does not compare to
other hand dryers. The
look, shape, and size
suits any design and
